We are pleased to make the proceedings of the 14th annual Workshop on American Indigenous Languages (WAIL) available as the 22nd volume of the Santa Barbara Papers in Linguistics. We are grateful for the continuing support of the University of California, Santa Barbara as a whole and the faculty, staff and students of the Department of Linguistics. We extend our special thanks to our advisor Marianne Mithun who offers us her continued support of our endeavors.

We also thank those who come from near and far to attend the conference. Thank you to all of you who helped expand our collective knowledge of the indigenous languages of the Americas.
